## ASX Announcement

### Corporate Update

**Aurora Labs provides the following corporate update.**

**The Laser Product Report required to be added to the FDA ascension list, for approved laser imports to the USA, has been completed and Lodged. We have received a FEDEX receipt that it has been received at the FDA CDRH (USA) facility in the US and we are expecting an official receipt from the FDA CDRH (USA). Shipments to the US can commence as soon the official this receipt is received and will be included with any shipments until the FDA CDRH review is complete.**

**The corporate slideshow, released to the market on the 18th of August 2016 and posted to our website, was presented at a company roadshow this week to a number of broking houses in Melbourne by Managing Director David Budge and Chairman Paul Kehoe.**

**Nathan Henry, director of marketing and product development, will be travelling to the FormNext tradeshow in Frankfurt Germany next week for meetings with major Additive Manufacturing powder manufacturers. The meetings will explore various options for both supply of powder for our printers and development of new technology for powder manufacture. He will also be meeting with potential distributors and technology partners in other areas of the industry.**
