

1<sup>st</sup> Feb 2021

## Aurora Labs – Covid-19 Update

Aurora Labs (A3D or the Company) has put in place an immediate response to the Covid-19 situation following the Western Australian Government's announcements and advice on 31<sup>st</sup> January 2021 regarding community health and lockdown measures.

The following proactive safeguard measures are ongoing and include;

### BUSINESS CONTINUITY

A3D is adhering to Government advice and will not have any staff on site during the lockdown period, with minor exceptions within the guidelines to facilitate remote working.

Development, software, administration and engineering work continues remotely with all employees equipped to work from home.

Staff safety remains the Company's priority, and management continues to monitor changes to the COVID-19 situation relative to the business and will adjust accordingly.

Zoom and other video conferencing services will be employed to maintain effective communications and ensure minimal disruption to business activities.

Deliveries will be handled in line with Government health advice and safety will take priority in all instances.

### TRAVEL BAN AND TRADESHOWS

A3D has postponed all domestic and international travel for staff.

### CONTACT

With no one available to man the phones, we encourage all individuals who wish to get in touch to do so via email or the contact form on our website.
